

WHAT SOME OF OUR GUESTS HAVE SAID ABOUT THEIR STAY AT CASA CANTA RANA

CASA CANTA RANA IS PARADISE, A PEACEFUL RESPITE FROM BUSY DAYS AT HOME. We enjoyed ourselves beyond words. The setting is perfect and the luxurious in every way. The food was wonderful and we loved every meal. We are already planning our next vacation here! Thanks for creating such a lovely vacation home.

Casa Canta Rana was such a special treat for us! The home is beautiful, the view is breathtaking, but the staff make the casa! Their food is better than any restaurant in town and their pleasant and always pleasing attitude made our trip!

Casa Canta Rana was truly paradise... the perfect place to relax and unwind from the hustle and bustle of NYC. Everything from the view, to the pool, to the cool gentle breezes flowing throughout the open house was perfection. In addition, Veronicas cooking was truly a joy to wake up to every morning and eat throughout the day. We will remember this vacation fondly for years to come.

We totally enjoyed your magnificent Villa, You have managed to capture via décor and general ambiance something in all our travels we have not ever experienced. Your staff is outstanding- we will definitely return soon. Thank you for this very special moment in our lives.

Thank you for allowing us to stay at your absolutely gorgeous villa! The view of the ocean was breathtaking, and the layout of Casa Canta Rana itself was very clever (we saw a couple other villas in the neighborhood & they just don't compare!) We all had a most amazing & relaxing experience, thank you for an unforgettable vacation!

What a great way to start a new year! This place is the best! We went fishing and caught lots of fish and on the way back to the harbor we were entertained by a whale! Lots of great food and sunshine when we were tired of the rain and snow. Thanks again, we will be back!

Thank you, Thank you for opening your beautiful home. Very relaxing, just what we needed. Very lazy, hard to tear oneself from the view. Staff were great, best food was at the villa. We shall return!

What a wonderful way to celebrate my birthday! The beauty of the home and the beauty of the view are incomparable. Each day we would see something we had not noticed before. What attention to detail! Then there is the beauty of Vero and Jose. They are gentile caring people who assisted us in every possible way. Food is the BEST and every time we left and came back we wondered why we ever left. This is our second visit and we very much hope to return.

The most spectacular home with the best staff that only made the sunsets and walks on the beach that much more special. We have fallen in love and never want to go home. Thank you for the best 10 days of 2006!

We will miss you! The beautiful sunsets with spectacular colors! The countless shooting stars at night, as we strategically sat ourselves under the blanket of stars each evening. The awesome breakfasts, lunch and dinners prepared by a professional, friendly staff. My most memorable birthday was spent yesterday, watching USC beat Notre Dame (Again!) with a sunset providing for a "pre game" show! We will miss you Canta Rana, but we will return!!

We had an unbelievable time! It was Susie's last vacation before giving birth to our baby boy in July and we couldn't have spent it in a better place. It was pure paradise!
